Challenges on the Road Ahead

Provide Opportunities to Test New Solutions

Common Supply Chain Challenges

O&M has built solutions to address manufacturers challenges

- ✓ 1 Outbound Freight Consolidation
- ✓ 2 New Product Introductions
- ✓ 3 End of Life Management
- ✓ 4 Divestitures

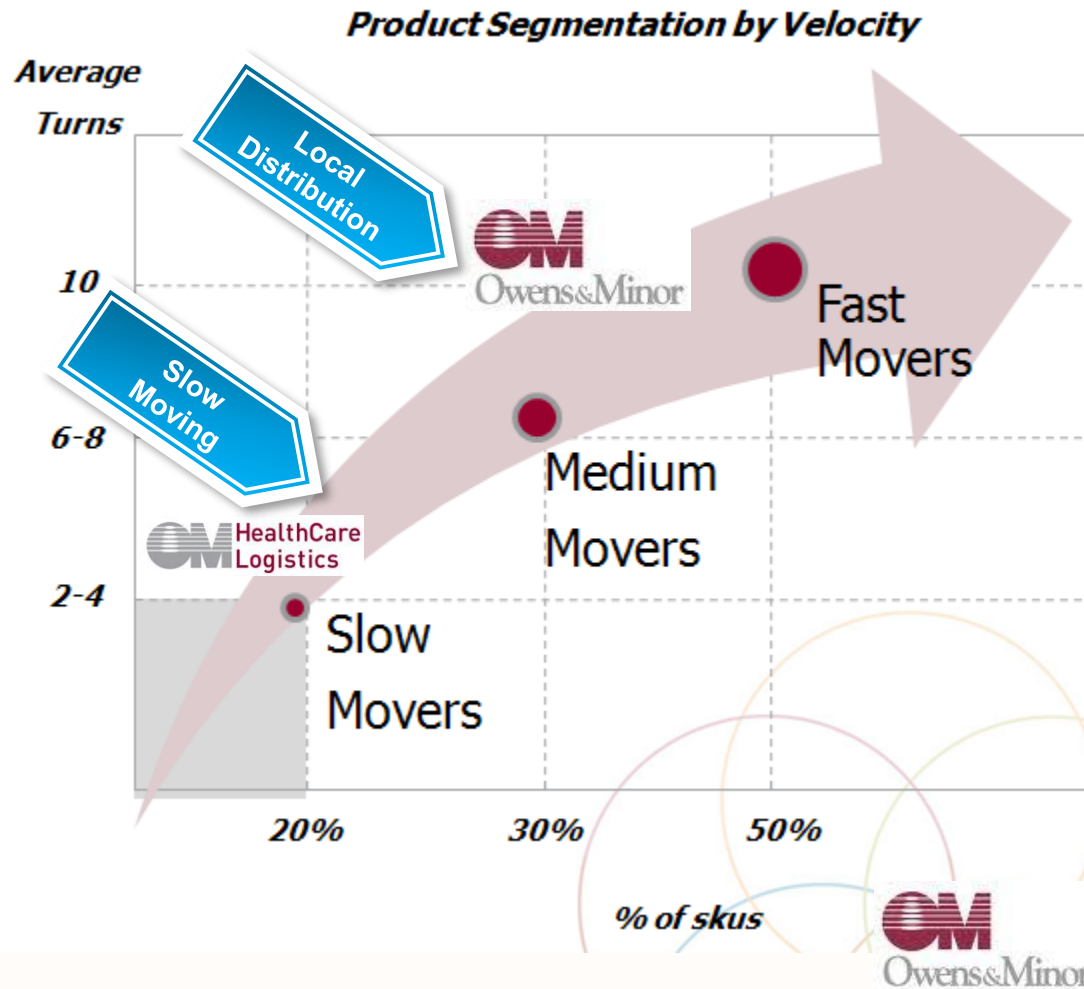

Slow Moving vs Local Distribution

Reduce Inventory Investment and Improve Service Levels

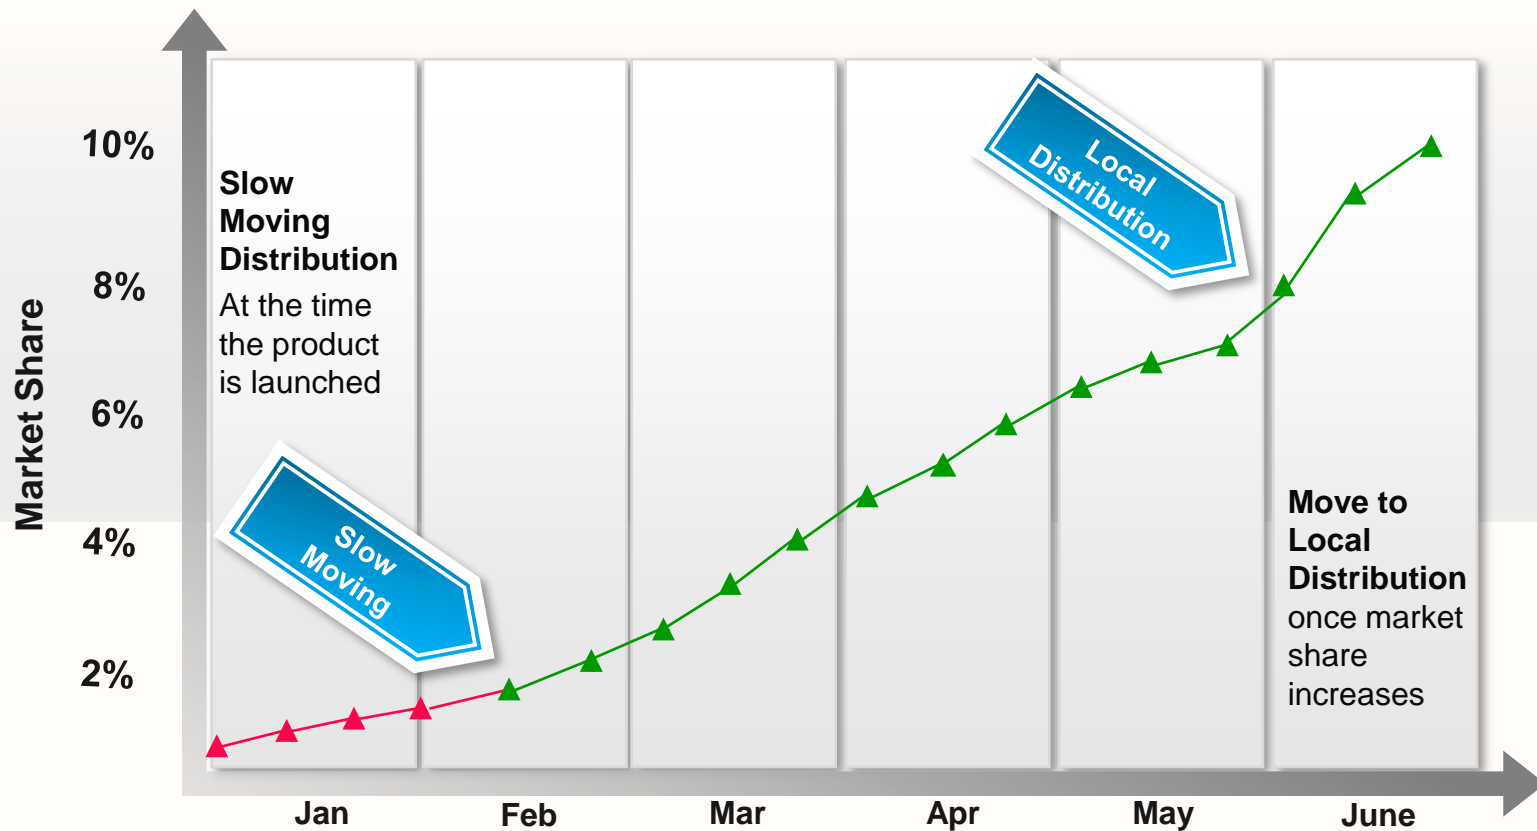

Slow Moving Model

1. Inventory Stored Centrally at OM HCL in Louisville
2. O&M DCs Harvest Orders
3. Orders Spun to OM HCL
4. Drop Ship to End Customer
5. O&M Invoices and Collects AR

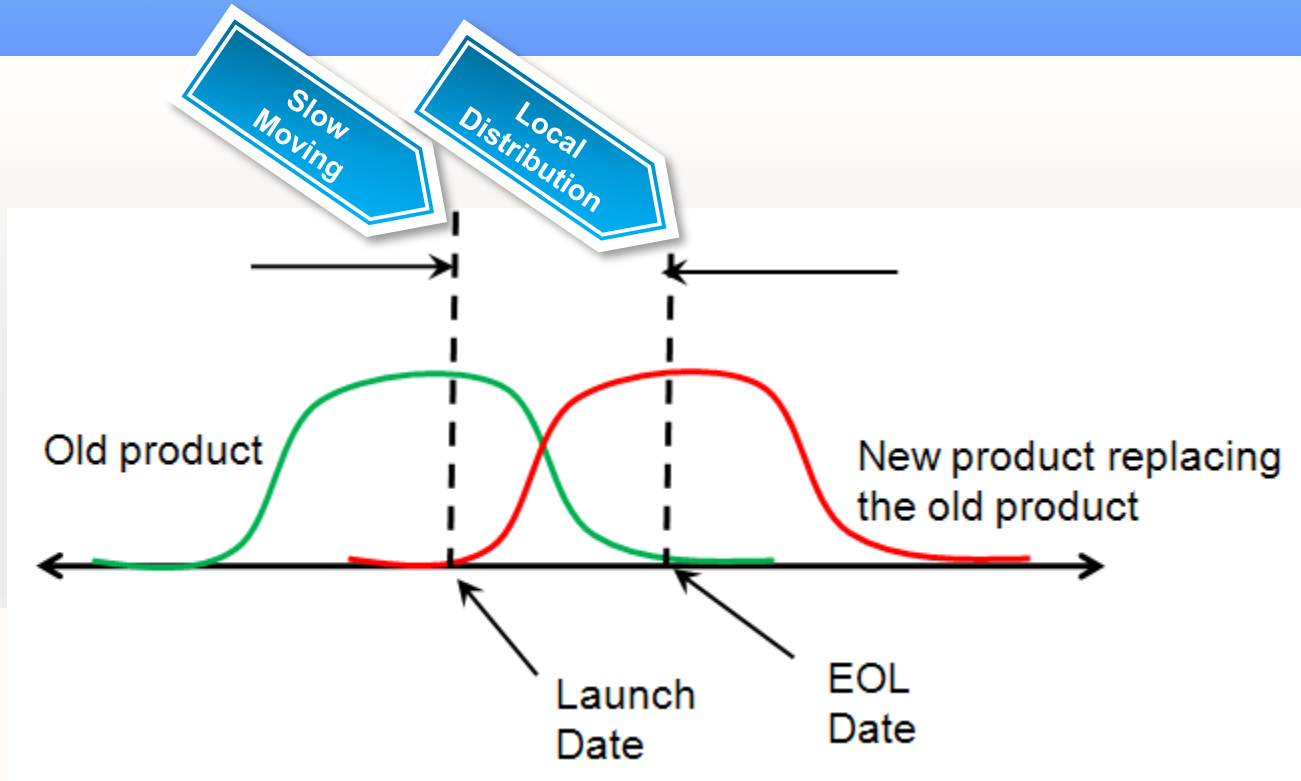

New Product Introduction

Reduce Inventory Investment and Improve Service Levels

End of Life Management

Reduce Inventory Investment and Improve Service Levels

Need to manage transition from old product to the new product

Divestiture Management

Simplify exit plan for non-strategic business units

Divesting A Mature Product

Would outsourcing simplify divestitures?

Need to be able to...

- Outsource business unit prior to divestiture
- Eliminate the requirement to provide shared services

Extracting a business unit prior to a divestiture can simplify the exit plan!

Thank You
